UDAY SHINDE

Wagholi, Pune |+91-9049421274 | shinde.uday538@gmail.com | www.linkedin.com/in/uday-shinde-5839b2327

Enthusiastic and driven Computer Science and Engineering student with a passion for cybersecurity and web development. Seeking opportunities to apply my technical skills, leadership experience, and collaborative mindset to real-world projects and further my expertise in the field.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
G H Raisoni International Skill Tech University, Pune
Expected Graduation: 2028
Relevant Coursework: Data Structures, Web Development, Cybersecurity, Networks

EXPERIENCE

Web Development Intern
***Native Softtech* — 12/2024 to 01/2025**

- **Collaborated on client projects to develop and maintain responsive websites.**
- **Designed and implemented front-end interfaces using HTML, CSS, and JavaScript.**
- **Worked with cross-functional teams to meet client requirements and deadlines.**

Student Coordinator
Developers Club-

- **Organized and facilitated workshops and tech events for fellow students.**
- **Coordinated with industry experts to deliver lectures and mentorship programs.**
- **Encouraged peer learning and collaborative project development.**

Leader, Cybersecurity Team Project
***Google Dorking and Vulnerability Scanning* Led a team of students in researching cybersecurity threats and solutions.**

- **Developed tools for automated vulnerability detection using Python.**
- **Delivered reports and presentations on findings and project progress.**

SKILLS

- C
- HTML
- CSS
- Python
- Computer Networking
- Cyber Security

PROJECTS

- **Personal Portfolio Website**
  - Designed and built a fully responsive website to showcase my projects and skills.
  - Implemented HTML, CSS, and JavaScript for a clean and user-friendly design.
  - Integrated GitHub and LinkedIn links for easy access to my work and professional network.

- **AI-Powered Vulnerability Scanner (In Progress)**
  - Researching and developing a tool for network security using AI techniques.
  - Exploring the role of machine learning in detecting and mitigating vulnerabilities.

ACHIEVEMENTS

- Selected for College Mentorship Program led by Senior Director at Capgemini.
- Presenting paper on *"The Double-Edged Sword of AI in Cybersecurity"* at NCET-STEM-25 Conference.
- Representing college at *Rackathon 2025* for mobile app innovation project.

EXTRACURRICULAR ACTIVITIES

- **Trekking Club:** Involved in establishing and organizing outdoor adventure activities.
- **Cleanliness Drive:** Participated in social initiatives for community welfare.
- **Animal Welfare:** Applying to volunteer at RESQ NGO for animal rescue and care.
